Lucky Clover

Creative Idea by Joy S.

Supplies:

4 qty. 1/2" Wood Hearts #77615591
2 qty. Chenille Stems - Kelly Green #77, Brown #7774085 or Gold Glitter #30055165
Scrap of red cardstock
Black Micron Pigma Marker .05 Black #77414987 or similar
Green Acrylic paint
1" Pin Back #30102566 or 3/4" #30102565
Mini Glue Dot #30001510

Tools:

Paint Brush
Low Temp Glue Gun & Glue Sticks
1/4" Hole Punch - Fiskars #77178558
Scissors

Instructions:

Making the clover:

Take each chenille stem and bend in the ends a little so the wire won't poke you. Glue a heart to each end. It is easier to paint the hearts when you can hold the stem.

Paint each of the hearts with the green paint. Let dry. When the hearts are dry, gather the hearts together with the points in the center and twist the chenille stems together to form the clover.

Making the lady bug:

Using the 1/4" hole puncher, punch out one circle from the scrap of red cardstock. Place the red circle onto the mini glue dot but do not remove the glue dot from the protective sheet. Use the Micron Pigma marker to color half of the circle black. On the other half draw a line down the middle and make some dots. When the green hearts are dry, place the lady bug onto a heart.

Finishing:

Curl the end of the chenille stem a little. If you want to wear the clover, glue a pin back behind.
