NOTE

With the purchase of paper at our HouseMart Ben Franklin Crafts stores, you can use our AccuCut machine and dies for free

BOO-TIFUL DAY MUG CARD CONTINUED

INSTRUCTIONS

Use the Accu Cut machine and Mug die and cut out one mug, two mug insets from two different coordinating cardstocks.

Punch out one oval from the white cardstock. Using the pictured sample as a guide, tape the oval to one of the mug insets for the outside of the mug, with the oval going off the edge. Turn over and use the scissors to trim off the oval to match the mug inset edge. Use a black marker to write in your sentiment and draw the ghost face. Use the white Galaxy marker to make small dots on the eyes for highlights. Center and tape to the front of the mug.

Fold the card in half. Tape the bottom and side edge so that the mug is now a pocket. Slip the other mug inset inside and leave as a pull-out or tape down. Place a gift card or thin candy bar in mug pocket.
