SNOWMAN BRACELET

SUPPLIES

- 30095804 faceted black bead
- 30095561 black sequins
- 30148298 4mm white pearl
- 30148299 6mm white pearl
- 30148300 8mm white pearl
- 30061087 memory wire
- 30155551 3mm aquamarine bead
- 30098366 4mm alexandrite ab bead
- 30130354 seed beads

TOOLS

- Memory wire cutter
- Round nose pliers

INSTRUCTIONS

Cut memory wire 1 ½ loops.

At one end of the wire take your round nose pliers and make a coil 2 times. This will prevent the beads from falling off the bracelet.

To the end of the wire add a seed bead, then a 4mm bead, and repeat until you have 15 of each. Then add a 3mm bead, a 8mm pearl, a 6mm pearl, a 4mm pearl, 2 sequins together with the top sides facing out, a black bead, and then a 3mm bead. Repeat the seed bead and 4mm bead pattern again until you have 15 of each.

Finish off with another coil 2 times at the end of the memory wire.
