- 1 qty. 3" x 3" Beige cardstock – for face, eye lids
- Mini Glue Dots #30001510
- Black Sharpie marker #91029
- 3/16" Meriken Double Stick Tape #30013283
- Optional - Stickles – crystal #30014975

Tools:

- Sharp Scissors
- Accu Cut Pyramid #4 (3-D) Box die*
and Accu Cut die cutting system
- free use with purchase of paper in our
HouseMart Ben Franklin Craft stores
- Fiskars 1/4" circle Punch #77178558

- Marvy Uchida Clever Lever Punches-
2 1/2" Scallop Circle (pink) #30028755
- 2" Oval (blue) #30028743
- 2" Heart (blue) #30028735
- 5/8" Oval (orange) #30028696
- 1" Star (green) #30028711

Instructions:

Use the Accu Cut die cutting system to die cut one triangle favor box from red cardstock. Fold the box together.

Punch two scallop circles from white cardstock. Take one of the scallop circles and place in the heart punch with the scalloped edge just below the top of the heart. Center, with about 3 scallops on either side, and punch out for the mustache.

Punch out one oval from the beige cardstock. Measure in from one end about 5/8" and cut. This is the face. Punch out one oval from the beige scrap and cut in half for the eyelids. Punch out two white circles from the 1/4" circle punch. Attach with mini glue dots to the center of the eyelids. Use the black marker to draw in the pupils. Place the eyes onto the face. Place the mustache along the bottom of the eyes. Adjust the eyes as necessary and use glue dots to adhere the eyes and mustache to the face. Punch a 1/4" circle from red cardstock. Glue dot to the center of the mustache for the nose.

Place face on the upper third of the remaining 2" White scallop circle. Place Santa's face on the triangle box, on the opposite side of the tuck-in closure. Use double stick tape to attach.

Punch a star from white cardstock and glue dot to the top point of the triangle.

Optional: You can add more detail by adding swirls of Stickles on Santa's beard and star.
